## **PROFILE SUMMARY**

---

I am a tech enthusiast currently pursuing a B.E. in Computer Engineering, with a passion for web development. I am excited to work on challenging projects, collaborate with others, contribute to innovative solutions, and enhance my technical skills. I am eager to connect with tech professionals and leaders to explore new technologies.

## **PROJECTS**

---

### **GYM FIT |WEB|**

A fitness tracking platform to track one's fitness. Users can track activities, set personalized goals, log calorie intake, and manage their profiles with a sleek React frontend for an improved health and wellness experience.

### **VOTE EASE |WEB|**

Developed an online voting platform. Users can easily register, cast their votes, and receive confirmation receipts. Meanwhile, administrators can manage elections seamlessly.

### **PORTFOLIO |WEB|**

Developed a personal portfolio website to showcase my skills and projects in web development. The site features a responsive design, project showcases with detailed descriptions and technology stacks, an "About Me" section, and a contact form for inquiries.
